PHILIPSBURG, Sint Maarten (Thursday, March 23rd, 2017) — Social & Health Insurances SZV would like to invite the public and its customers to the 9th annual Lion Rudy Hoeve Health & Wellness Fair taking place Saturday March 25th at the Festival Village from 9:00 am to 4:00 pm. SZV will be hosting two information sessions at the health fair; Requirements & Procedures for Medical Reimbursements at 11:30 am and Rights & Obligations of ZV insured at 2:00 pm. Both information sessions will provide general information on the topics and also highlight frequently asked customer questions. SZV staff will be available at the fair the entire day to answer general questions, share information on its new services, online resources, give website demonstrations and more.

The event is free of charge and a great opportunity for the public to familiarize themselves with some of the health care service providers on the island, take part in demonstrations, sample materials, get free health tests and more.

“It will be the first time that SZV will host two information sessions at the fair. We are happy to have this opportunity extended to us by the Sint Maarten Lion’s Club. We recognize the need to inform the public on various services and procedures via this platform and we look forward to sharing on Saturday.” –
